Textbook and class materials:

- There is no required text for this course.
- Oaks: Reading materials, including excerpts from textbooks and articles will be posted on Oaks as well as homework materials/practice problems. You can access Oaks through My Charleston (https://my.cofc.edu/) or directly at https://lms.cofc.edu/

- Email: I will often send out emails to the class about upcoming deadlines and events that are relevant to the class. Please make sure to regularly check your university email.
Course Description:
This course introduces students to problems of inequality in wealth and welfare from a global, comparative, and historical perspective. The causes and consequences of inequalities among countries, as well as gender, class, ethnic and regional stratification, are examined. Major topics on international development are studied in order to better understand problems which many countries and areas of the world face today.

Grades:

- **Class Participation:** Students will be required to participate in class discussion. It is difficult to participate in class discussion if you are not present during class. Attendance will be taken at every class period and will count towards (but is not the entire) participation grade.
  - Just showing up for class is not sufficient to get anything but a C- in this category!

- **Reading quizzes and homework:**
  - Quizzes consisting of short response to readings, articles, or videos will be given during class. These are pass/fail.
  - *There are no make-up quizzes.* The two lowest grades in this category will be dropped.
  - Quizzes will usually be given in the first ten minutes of class so it is important to be on time. If you are late to class and miss the quiz, it will be scored as a zero.
  - There will also be periodic homework assignments that deal with the topics being covered in the class. Each homework assignment is the equivalent of two quizzes. No homework assignments will be dropped.

- **Exams:** There will be two exams. The tentative date for the first exam is March 4 and for exam 2 is April 20.

- **Research Paper and Presentation:** A research paper on a development topic spanning at least two geographic regions. More details will be given later in the semester.
  - Proposals with annotated bibliography – Due March 16
  - Final papers – Due April 15
  - Research Presentation: Research presentations will be given the last day of class (April 21) and during the final exam period. Our scheduled final exam period is April 27 from 8:00 am – 11:00 am. Attendance during all presentations is required. Failure to attend will result in 50% deduction of the presentation grade.
• **Final Grade Calculation:** The final grade in this class will be calculated as follows:

• Any disagreement with the grade given in any quiz, homework, or exam can only be contested in a written form. Submit in writing (not email) both the question which you believe was unfairly graded along with economic reasoning for why your answer was correct. A written response will be given to you afterwards.
  - Under no circumstances will a grade be changed by email or any other means.
  - In addition, grades may not be discussed over email.

**Attendance:**

Attendance will be taken at every class meeting. It is important to highlight that every in-class quiz or assignment that you miss is automatically granted a zero. More than six absences will lead to automatic failure of the course (WA). I strongly suggest you save these absences for illnesses and emergencies. It is my decision whether or not an absence is “excused” - absence memos and athletic events do not automatically make an absence count as excused.

If you miss class, you will need to obtain a copy of the notes from another student. The instructor will NOT provide copies of class notes.
Cell Phone Policy:

Please turn off cell phones as you enter class. While this is not a theatre, the same courtesies should be followed. It is distracting to your instructor as well as your neighbor when phones go off. If I hear or see a student using a cell phone, the student will receive a 50% reduction for that week’s quiz grade. If a cell phone rings (or vibrates audibly) during an exam that student will receive a 10% reduction for that exam.

Reasonable accommodation policy:

Any student in this course who has a disability that may prevent him or her from fully demonstrating his or her abilities should the Center for Disability Services/SNAP, located on the first floor of the Lightsey Center, Suite 104. Students approved for accommodations are responsibility for notifying me as soon as possible and for contacting me at least 48 hours before accommodation is needed.

Honor Code:

Lying, cheating, attempted cheating, and plagiarism are violations of our Honor Code that, when identified, are investigated. Each incident will be examined to determine the degree of deception involved.

Incidents where the instructor determines the student’s actions are related more to a misunderstanding will handled by the instructor. A written intervention designed to help prevent the student from repeating the error will be given to the student. The intervention, submitted by form and signed both by the instructor and the student, will be forwarded to the Dean of Students and placed in the student’s file.

Cases of suspected academic dishonesty will be reported directly by the instructor and/or others having knowledge of the incident to the Dean of Students. A student found responsible by the Honor Board for academic dishonesty will receive a XF in the course, indicating failure of the course due to academic dishonesty. The student may also be placed on disciplinary probation, suspended (temporary removal) or expelled (permanent removal) from the College by the Honor Board.

Students should be aware that unauthorized collaboration—working together without permission—is a form of cheating. Unless the instructor specifies that students can work together on an assignment, quiz and/or test, no collaboration during the completion of the assignment is permitted. Other forms of cheating include possessing or using an unauthorized study aid (which could include accessing information via a cell phone or computer), copying from others’ exams, fabricating data, and giving unauthorized assistance.

Students can find the complete Honor Code and all related processes in the Student Handbook at http://studentaffairs.cofc.edu/honor-system/studenthandbook/index.php
